

### **Work-based Entrepreneurship Training for People with Disabilities – WOT**

Our project WOT ends this month, May 2019.

In all partner countries, partners are organizing final conferences and other dissemination activities to promote WOT results.

In Poland, the coordinator CWEP and Polish partner BD Center sp. z o.o. has organized final conference on 10th of May. We would like to thank the speakers for interesting and valuable presentations, we are glad that this important topic, the support of disabled people, has been interesting for so many people. Thank you for being with us: Adam Hadław, Glusi.TV, Fundacja Give Love, Social Problems, Association RES-GEST, Rzeszów Agency for Regional Development, @Tarnowskie Centrum for Social Integration, Vocational Activity Workshop in Rzeszów and many others! Media patronage over the conference was held by Radio Via and GlusiTV.

**The final versions of the results are available on our website.**

### **Aim of the project**

The aim of WOT project is to promote inclusive entrepreneurship for people with disabilities by developing a methodology based on job shadowing, mentoring and coaching of people with physical disabilities willing to become entrepreneurs or freelancers.

Mentoring was carried out on the workplace preferably by entrepreneurs and freelancers with a physical disability, coaching by partners' staff. The desired outcome of the project is a number of people with physical disabilities will start a business or a freelance activity, or cooperating in managerial positions in already established business or consulting companies.

Duration of the project:  
01.12.2016 – 31.05.2019
